70 TEACHERS

Scholarship

The program **Juventud en Ritmo** "Youth in Rhythm" is the heart of our mission, which seeks through the effort of society to create a quality system that is inclusive and innovative. We want to develop in society a competent culture in musical art, that is why we have taken the following initiative:

Today we have more than 700 students, many of whom have a 100% scholarship through our "2x1=3" program. When someone enrolls in Benning Academy, 2 children who could not otherwise afford lessons are provided with the individual cost of the monthly tuition, thus sustaining our programs in vulnerable areas such as jails, orphanages, nursing homes, and rehabs centers and supporting children with Aspergers, autism, Down Syndrom, blindness and burns
